

New "Science" Theme in Beta!

Imported From: http://groups.google.com/group/in-portal-design/browse_thread/thread/3e14dcf1b6798bcb#

We are happy to announce Beta release of the "Science" theme which going to be the first out of our new serious of free themes.

Archive and screenshot are attached and we would appreciate if you do some tests by installing it.

NOTE: it's important to outline that in order to fully install this theme with all Demo data (ie. images) you need to apply to patches to your In-Portal:

1. **INP-781** - Ability to Copy folders recursively
CLOSED
2. **INP-782** - Ability to install Theme Demo images
CLOSED

Please review and report back if any issues with installing or using the theme.
